## 2 33б 7306 750326608280 EUROPEAN UNIVERSITY

## **Certified Medical Education Program (English)**

- Language of Instruction: English
- Type of the Educational Program : Academic
- Status of the Programme Accredited
- Degree Qualification: Medical Doctor, MD
- **Duration:** 10 semesters
- **Program Capacity:** 360 credits

	Educational Courses	Credits according to semesters									
1.	Language component 10	Ι	II	III	IV	V	VI	VII	VIII	IX	X
	English language 1	4									
	English language 2		4								
	Latin Language, medical terminology	2									
2	University of mandatorycourses -6										
	Academic Writing	3									
	IT Technology		3								
3	University Elective Courses -8										
	Basics of Psychology		1								
	Basics of Sociology		1								
	Foreign languages( German) 1		1								
	Georgian Language 1		2								
	Foreign languages (German) 2			1							
	Georgian Language 2			2							
4	Compulsory Courses -296										
4.1	Natural sciences, medico-biological and fundamental disciplines -109										
	Medical Physics	3									
	Biophysics		3								
	Medical Chemistry	4									
	Medical Biology and Ecology	4									
	Medical Genetics		4								

	Parasitology			2							
	Human Anatomy 1	6		1							
	Human Anatomy 2		5								
	Human Anatomy 3			6							
	General Histology, Cytology, Embryology	4									
	Private Histology, Cytology, Embryology		5								
	General human physiology			5							
	Private human physiology			7							
	General pathological physiology				5						
	Private pathological physiology					5					
	General Microbiology, Virology,										
	Immunology		4								
	Private Microbiology, Virology, Immunology				6						
	General Pharmacology				5						
	Private Pharmacology					5					
	General biochemistry			5							
	Private biochemistry				6						
	General pathological anatomy				5						
	Private pathological anatomy					5					
4.2.	Cources of preventive medicine -16										
	Bioethics and deontology			2							
	Preventive Medicine				4						
	Medical Ecology				2						
	Epidemiology, biomedical statistics					3					
	Health Management basics	5									
4.3.	Clinical disciplines -171										
	Radiology and XR therapy						4				
	Otorhinolaryngology						4				
	Neurology						5				
	Dermatovenerology							4			
	Obstetrics							4			
	Pediatrics 1							4			
	Psychiatry							5			
	Infectious Diseases 1								5		
	Gynecology								4		
	Pediatrics (Neonatology) 2								4		
	Ophthalmology								3		
	Infectious Diseases 2								4		
	Narcology								3		
	Emergency first aid therapy									4	
	Allergology-Clinical Immunology									3	
	Clinical Pharmacology and Pharmacotherapy									5	
	Section Course										4

	Medical rehabilitation and medical control					1					4
	Forensic Medicine										4
	Obstetrics and Gynecology										5
	Therapy										
	Propedeutics of internal deseases 1					6					
	Propedeutics of internal deseases 2						6				
	Internal diseases 1						7				
	Internal diseases 2							6			
	Endocrinology								3		
	Phthisiopulmonology								3		
	Family Medicine									4	
	Proffesional Diseases									3	
	Toxicology and emergency medicine										4
	Surgery										
	Topographical Anatomy and Operative	1	1	1	1				1		
	Surgery					4					
	General Surgery					5					
	Surgical diseases 1						4				
	Surgical Diseases 2							4			
	Surgical Diseases 3								4		
	Traumatology and Orthopedics									4	
	Pediatric Surgery									3	
	Neurosurgery										3
	Dentistry and Maxillofacial Surgery						4				
	Urology							3			
	Anesthesiology and reanimatology									4	
	Oncology										5
5	<b>Rresearch component of -10</b>										
	Basics of research		2								
	Research Skills 1								4		
	Research Skills 2										4
6	Clinical Practice -20										
	Basic clinical skills		2								
	Clinical Skills 1 (stationary)			5							
	Clinical Skills (Emergency and Intensive										
	therapy) 2					4					
	Junior physician's practice (stationary)							5			
	Junior physician's practice (Emergency and		1	1	1	t					
	Intensive therapy)									4	
7.	Elective academic specialty. Course -10										
	Medico-social disciplines	1		1							
<u> </u>	Legal basis of the physician's work		1				1				
	Medical Psychology		1	1	1		1
